Euro
PRODUCTS

MTS Euro Products: specialists in professional hygiene

Since 1991, Euro Products has supplied our clients with a comprehensive range of hygiene solutions, including hygiene paper, professional soaps, wiping rags, sorbents, and dispensers. With decades of experience, precision in-house logistics, and extensive stock availability, we have earned our status as an expert, trusted partner in the professional hygiene industry.

Dimensio Group: the driving force

Euro Products, Boso, and The Bag Specialist are part of the Dimensio Group, a leading organisation and market leader in packaging, refuse bags, hygiene products, films, and disposables. Within Dimensio, several specialised companies operating across 37 countries combine our strengths into one powerful organisation. Together, we deliver scale, innovation, and a broad, integrated product portfolio.

Boso: specialists in non-wovens and cleaning products

Boso specialises in non-woven cleaning cloths, wet wipes, and sorbents, with a strong reputation in professional cleaning solutions.

As a connected brand and centre of expertise, Boso works closely with Euro Products to strengthen our combined hygiene and cleaning offering.

The Bag Specialist: a bag for every bin

The Bag Specialist has grown into a market leader in refuse bags in the Netherlands. Together with Euro Products, this forms a valuable addition to our hygiene range, offering refuse bags in a wide variety of types and sizes for different applications.

THE **CLEAR** AND **CLEAN** SOLUTION

Our product range at a glance

Euro Products is your one-stop shop for professional hygiene solutions. With a broad, readily available product portfolio, we provide everything one might need to keep any sanitary or professional environment clean, safe, and efficient.

Paper

Toilet paper, hand towel paper, and industrial paper rolls for intensive daily use.

Dispensers

Modern, durable, and user-friendly dispensers for paper, soap, and disinfectant.

Skin care

Professional soaps, foam soaps, and hand sanitisers for optimal personal hygiene.

Air fresheners

Effective odour control for a fresh, pleasant washroom experience.

Bin liners

Strong, hygienic refuse bags for every environment.

Wiping rags & non-wovens

Durable wiping rags for cleaning, industry, and food applications.

Sorbents

Materials for the safe absorption of liquids in any working environment.

QuartzLine Circle.*

QUARTZLINE
CIRCLE

QuartzLine Circle

QuartzLine Circle represents advanced circular solutions. These dispensers are made from more than 70% recycled ABS plastic and are 100% recyclable at end of life. With their elegant black finish, they fit seamlessly into almost any interior while contributing to a more sustainable future, all without compromising on style or performance.

QuartzLine Creations.*

QUARTZLINE
CREATIONS

QuartzLine Creations

With QuartzLine Creations, every dispenser becomes a unique brand statement. Organisations can apply their own branding, visuals, and project identity onto the front panels of dispensers. Customisations like these transform washrooms into not only functional spaces but effective communication tools, as well.

Tailored solutions for every sector

Euro Products supplies hygiene solutions across a wide range of industries.

Thanks to our extensive and specialised product range, our solutions align seamlessly across a full spectrum of needs:

- **Facility management:** solutions for daily hygiene, washroom facilities, and cleaning support.
- **Industry:** strong, reliable materials for intensive use.
- **Food:** hygiene products that meet or exceed strict food safety standards.
- **Retail & packaging:** smart solutions for shops, warehouses, and packaging processes.
- **Medical:** professional products for safe, hygienic work environments.

With more than 2,500 products in stock, we offer a suitable solution for every need.

Our three core USPs

- **Your one-stop shop for professional hygiene**
From hygiene paper and soaps to dispensers, all from a single, reliable source. We make purchasing simple, efficient, and dependable.
- **In-house logistics, reliable delivery**
We deliver from our logistics centre using our own fleet and trusted partners. This ensures high delivery reliability, directly to you or your customer.
- **Flexible customisation, low MOQ, private label**
We create mixed pallets to efficiently combine various products into one delivery, big or small. In addition, we offer private label solutions from full-pallet volumes, fully aligned with your brand identity.

Ready to strengthen your product range?

Our hygiene and cleaning solutions help your customers work more efficiently, cleanly and professionally. Whether you want to expand your product range, optimise existing selections or explore new commercial opportunities, our sales team is ready to support you with focused, practical advice.

We offer:

- **Range analysis:** insight into which products add value and where to find new opportunities.
- **Concrete product recommendations:** ready-to-implement solutions tailored to your market and your customers.
- **Practical advice:** helping you increase revenue and serve your customers more effectively.

Want to find the right products for your customers?
