

Non-wovens

Eco Ultra Viscose (Scrub) Wet Wipes

THE **CLEAR** AND **CLEAN** SOLUTION

Non-wovens

Eco Ultra Viscose (Scrub) Wet Wipes

Eco Ultra Orange Scrub Viscose Wet Wipes

- The cloth has two sides: a soft side for gentle cleaning and a scrub side for removing heavy dirt.
- The soft side is made from plastic-free, biodegradable viscose fibers.
- The scrubbing side is made of polypropylene (PP), resulting in 80% less plastic.
- Excellent absorption.

Fluid

- Water-based.
- Alcohol-free.
- Orange scent.
- Dermatologically tested and proven.
- NSF C1-certified.
- Biodegradable.
- Easily removes paint, marker, sealants, ink, fresh PU foam, window sealants, and other residues.

Certification Fluid (NSF)

- Safe for food processing environments.
- Category C1.
- NSF Registration: Cleaner-23-UB, 169061.

Packaging

- Made from recycled materials; designed for easy reuse or disposal.
- Refill package option, minimizes plastic waste.

Private Label option

- Private label packaging available.
